Greetings All,

Setting up a meeting as per Mary's & Ameesha' email on 3/8/2021.

To learn about EPA's resources for mapping communities burdened with environmental injustice. This map is going to appear in an upcoming publication, The State of Waste in Queens. It was produced by BetaNYC working with the group that is preparing the report, the Queens Solid Waste Advisory Board. This is the group that is participating in the Mt. Sinai-funded grant project that Maida, Luz, and other principals presented at the zoom, the group I have been working with.
